The Makeup-Safe Towel Alternative Card

A visual towel card reduces replacement costs by directing guests to use dedicated dark linens or provided wipes for makeup removal. Placing this polite, graphical reminder directly on the bathroom vanity prevents permanent cosmetic stains from destroying white hotel-grade towel inventory, driving down monthly operational overhead.

Implementation Outline

1

Inventory Preservation Formula

Short cost-analysis showing why this simple sign saves hosts hundreds of dollars annually.

2

Copy-and-Paste Script

A polite, non-accusatory message to print on the vanity card.
