

HOUSE RULES

Target: airbnb house rules examples

Parking Space Visual Boundary Guide

Visually communicating parking rules requires an exterior property diagram highlighting approved bays in green and restricted neighbor zones in red. This spatial infographic prevents guests from accidentally blocking shared driveways or violating Homeowner Association codes, immediately neutralizing one of the most common causes of neighborhood friction.

Implementation Outline

1

Maximum Vehicle Limits

Explicit numeric cap on allowed vehicles to prevent party staging.

2

Towing Enforcement Policy

Clear citation of local towing companies that will be dispatched for non-compliance.
